

# OREGON AVENUE RECONSTRUCTION PROJECT

Dear District Resident,

The Oregon Avenue Reconstruction Project is well underway and progressing on schedule. On **Tuesday June 1, 2021**, weather permitting, Modified Phase 3C construction activities will shift to the southbound lane of Oregon Avenue. Construction activities will take place on the residential side of Oregon Avenue between Tennyson Street NW and Rittenhouse Street NW and includes the following activities:

- The construction on Lindsey Drive will be divided into three small sub-phases: Watermain; Curb, Gutter and Ramp; Roadway and Asphalt.
- One lane on Lindsey Drive will be open to traffic to allow access in and out of the Knollwood Community Center during the daytime hours. Flaggers will be onsite to guide traffic in and out of the facility during the daytime hours and both lanes will be opened to two-way traffic at the end of the work day.

To avoid delays entering or leaving the Knollwood Retirement Community, you are advised to follow the detour route that is currently in place from Utah St. NW to Tennyson St. NW. Emergency vehicles are advised to follow Nebraska Avenue NW or Tennyson Street to Oregon Avenue, turn onto Oregon Avenue and enter the Knollwood Retirement Community on Lindsey Drive.

Access to residences and the Knollwood community on Oregon Avenue will be maintained throughout the entirety of Phase 3C unless notified and coordinated within a minimum of 48 hours in advance.

**Detour: Traffic attempting to travel southbound on Oregon Avenue will follow the detour and signage in order to regain southbound access to Oregon Avenue. (Map attached)** Traffic controls and signage will be in place to safely guide all motorists through the work zone. Motorists are urged to use caution as they travel in these areas, anticipate moderate delays and be mindful of pedestrians and construction personnel.

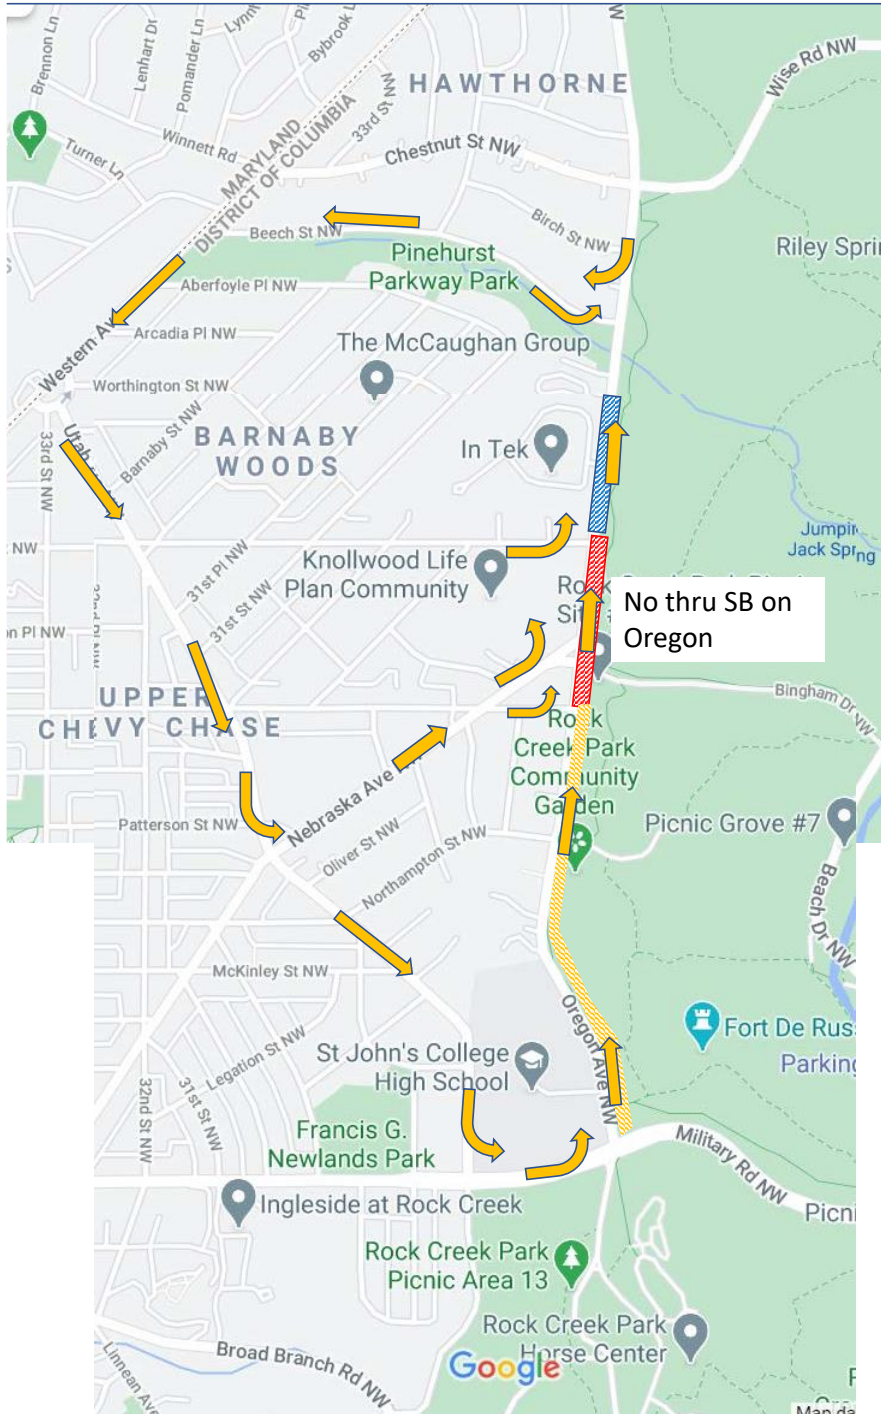

Our goal is to keep you abreast of traffic modifications and milestones while providing open communication with the construction outreach team. Please feel free to visit the website at [www.oregonavenueproject.com](http://www.oregonavenueproject.com) for the most recent project updates or email us at [info@oregonavenueproject.com](mailto:info@oregonavenueproject.com)
