

# OREGON AVENUE RECONSTRUCTION PROJECT

Wednesday May 26, 2021

Dear District Resident,

On Thursday, May 27, 2021 The Oregon Avenue Reconstruction Project will conduct the installation of the Potomac Electric Power Company (Pepco) poles along Oregon Avenue from Rittenhouse Street to Nebraska Avenue NW. A temporary road closure at the above stretch will be enforced in order to insure safe working conditions in and around the work zone. To avoid delays entering or leaving the Knollwood Retirement Community, you are advised to follow the detour route that is currently in place from Utah Street NW to Tennyson Street NW.

Emergency vehicles are advised to follow Tennyson Street to Oregon Avenue, make the right turn onto Oregon Avenue and enter the Knollwood Retirement Community on Lindsey Drive. The Tennyson Street exit should be used to leave the Knollwood community. A copy of the Phase 3 MOT and the upcoming detour is included below.

**Exact Location: Intersection of Oregon Avenue NW and Nebraska Avenue NW**

**Date: Thursday, May 27, 2021**

**Hours: 7:30 am – 4:00 pm**

Thank you for your patience and support as we work together to implement safer conditions for pedestrians, motorists and cyclists along the Oregon Avenue corridor.

Regards,

The Oregon Avenue Reconstruction Project Communications Team

Temporary Road Closure

Standard Phase 3 (MOT)
