

OREGON AVENUE RECONSTRUCTION PROJECT

July 29, 2020

Dear District Resident,

The District Department of Transportation (DDOT) will begin construction on Phase 2 of the Oregon Avenue Reconstruction Project on or about August 7, 2020 continuing through January 2021. All construction activities will begin with Phase 2A which begins on the park side of Oregon Avenue, between Military Road and Rittenhouse Street. Phase 2 Includes the following activities:

- Reconstruction of the northbound lane (park side) of Oregon Avenue
- District of Columbia Power Line Undergrounding (DC PLUG) work

During Phase 2A, Oregon Avenue, from Military Road to Rittenhouse Street, will be closed to northbound traffic. Access to residences and St. John's College High School on Oregon Avenue will be maintained throughout the entirety of Phase 2. Residents will have access to their driveways throughout this phase, unless notified and coordinated a minimum of 48 hours in advance.

Traffic controls and signage will be in place to safely guide all motorists through the work zone. Motorists are urged to use caution as they travel in these areas, to anticipate moderate delays and to be mindful of pedestrians and construction personnel.

Exact Location: Phase 2A work will take place between, Military Road and Rittenhouse Street, behind the concrete barrier from 7:00 am to 7:00 pm, Monday through Saturday.

Residents: Although the roadway may be blocked to thru traffic at times, access to your driveway will be maintained at all times. If you are restricted from leaving or returning to your driveway, please notify the nearest flagger, who will coordinate safe access.

Our goal is to keep you abreast of traffic modifications and milestones while providing open communication with the construction outreach team. Please feel free to visit the website at www.oregonavenueproject.com for the most recent project updates or email us at info@oregonavenueproject.com
