

OREGON AVENUE RECONSTRUCTION PROJECT

Dear District Resident,

Phase 3 construction of the Oregon Avenue Reconstruction Project is well underway and progressing on schedule. On **Wednesday, May 5, 2021**, weather permitting, construction activities will begin on phase 3A, reconstruction of the Pinehurst Branch Bridge. There will be no access on Oregon Avenue between Beech Street and the private driveway just north of Oregon Knolls Drive. These construction activities include:

- Reconstruction of the Pinehurst Branch Bridge
- Installation of retaining walls
- District of Columbia Power Line Undergrounding (DC PLUG) work
- Installation of DC Water underground conduits

Please Note: Two-way traffic will be permitted on Oregon Avenue from the private driveway north of Oregon Knolls Drive to Tennyson Street in order to facilitate access to residences on the 6300 block of Oregon Avenue, Unicorn Lane, Oregon Knolls Drive, and residences on the private driveway north of Oregon Knolls Drive.

Detour: Traffic attempting to travel northbound or southbound along Oregon Avenue between Beech Street NW and the private driveway north of Oregon Knolls Drive must follow detour signage along the project corridor (map attached). Traffic controls and signage will be in place to safely guide all motorists through the work zone. Motorists are urged to use caution as they travel in these areas, anticipate moderate delays and be mindful of pedestrians and construction personnel.

Exact Location: Phase 3A construction activities will take place between Beech Street and Jones Way (private driveway) on the Pinehurst Bridge.

Residents: Although the roadway may be blocked to thru traffic at times, access to your driveway will be maintained at all times. If you are restricted from leaving or returning to your driveway, please notify the nearest flagger, who will coordinate safe access.

Our goal is to keep you abreast of traffic modifications and milestones while providing open communication with the construction outreach team. Please feel free to visit the
