

Government of the District of Columbia

Department of Transportation

d. Infrastructure Project Management Division

January 8, 2020

Dear District Resident,

The District Department of Transportation (DDOT) has commenced work on the **Reconstruction of Oregon Avenue NW from Military Road to Western Avenue and Western Avenue NW from Oregon Avenue to 31st St.** Construction officially began on December 16, 2019, and is expected to be completed by December 5, 2021.

Construction activities are expected to take place in the following three phases:

- Phase 1 – Oregon Avenue NW from Beech Street NW to Western Avenue NW; Western Avenue NW from Oregon Avenue NW to 31st Street NW [December 2019 – July 2020]
- Phase 2 – Oregon Avenue NW from Military Road NW to Rittenhouse Street NW [July 2020 – December 2020]
- Phase 3 – Oregon Avenue NW from Rittenhouse Street NW to Beech Street NW [December 2020 – September 2021]

The Contractor is authorized to work between 7:00 am and 7:00 pm, Monday through Friday, and on Saturday with DDOT permission. *Note: All work performed during the peak travel periods of 7:00 a.m. to 9:30 a.m. (southbound) and 3:30 p.m. to 6:30 p.m. (northbound) must be performed behind a barrier and must not impact traffic.* During off-peak hours, construction vehicles will share the travel lane with the public. During this time (9:30 a.m. – 3:30 p.m.) vehicular traffic will be intermittently rerouted via flaggers and detour signs to guide traffic.

To help deliver the project on-time or ahead of schedule, the Contractor will likely request permission to work on most Saturdays. The website will be updated with a three week look-ahead schedule which will identify all planned work.

DDOT will ensure that access to driveways will always be maintained, unless specifically notified in advance. If access to/from your driveway is ever temporarily restricted, please notify a flagger, who will restore your access/egress immediately.

Thank you for your patience and support as we work together to implement safer conditions for pedestrians, motorists and cyclists along the Oregon Avenue corridor.
